Developers can make money by selling things like items, cosmetics, or avatars (often in their own in-game stores similar to those in mobile apps) in exchange for Roblox's in-app currency, Robux. And it seems like some of the most successful games can pay out nicely, once they've reached critical mass. Roblox says over 1,250 developers earned at least \$10,000 worth of Robux in 2020, and over 300 of them earned \$100,000 or more.

Afterward, your games can be monetized and released for PC, mobile gadgets, and virtual reality consoles.

To redeem these codes, simply start the game and walk forward to the Swag stand.

Think of Roblox as a gaming platform rather than just being a game. In the same way that an Xbox is a gaming platform, so is Roblox. Roblox as a company provides developers with the tools and marketplace to show off their games to players in a similar way to other games consoles. Within Roblox, there are literally millions of different games available for people to play.

The earnings can then be used to purchase items from the game store.

Tix, also known as Tickets was a currency that was present almost since its launch. Tix didn't cost money, and players could earn by it logging in daily, visiting their Place, and a number of other ways. Tix could also be converted into Robux which is something players used to do a lot. Considering that it was just a free way to earn Robux, people started creating alternate accounts to get more Robux, and it almost entirely killed the point of Robux.

Roblox has been one of the most popular games over the years. There is a wide range of Roblox games out there, each with a unique theme and millions of players playing them every day.

Manuel Bronstein, Roblox's chief product officer, says that the company's journey began at the turn of the 1990s, when eventual co-founders David Baszucki and Erik Cassel developed the 2D Interactive Physics and the 3D CAD software Working Model. These were "simulated physics laboratories" which allowed users to design environments they could experiment within – by constructing destructible houses, for instance, or crashing two cars together at various speeds, or maybe by taking the tools in altogether weirder and more unexpected directions.
